

PRO SERIES

Commercial Drywall Cart

Built for Pros. Ready for Anything.

Our heavy-duty, commercial-grade cart is engineered to handle up to 3,200 lbs with confidence. The oversized, sloped deck ensures safe transport of heavy materials, minimizing the risk of slipping or tipping. A welded steel frame and durable powder-coated finish deliver exceptional corrosion resistance—built to perform in the toughest environments.

Choose from multiple 8" caster options to fit your needs: **Max-Performance** – for smooth, effortless maneuverability; **Max-Endurance** – for long-lasting performance.
