REBAR WIRE TYING

ALUMINUM TIE WIRE REEL

REW27A

Built heavy-duty. Stronger and more durable than plastic, it resists heat, moisture, and UV exposure. Designed for smooth uncoiling, quick recoiling, and easy wire access, it fits belts up to 2.2 inches wide for secure, hands-free convenience.

- **Effortless Wire Handling:** Smooth and easy uncoiling and recoiling of tie wire.
- **Durable Construction:** Built with robust aluminum for long-lasting performance.
- **Versatile Design:** Suitable for both left- and right-handed users.
- **Universal Fit:** Compatible with all standard belt sizes up to 2.2 inches wide.
