DOA2X

Adaptable Commercial Drywall Cart w/ Stowable Handles

The DOA2X: Commercial Strength Meets Residential Agility

Transform your drywall operations with the new Magnum DOA2X Adaptable Commercial Drywall Cart, featuring tool-free removable handles that stow beneath the base and a curved rear bar for superior doorway navigation. Built for professionals, it supports an impressive 3200 lb capacity on its angled steel plate while preventing tipping, and comes with your choice of 8" Max-Endurance or Max-Performance Casters. The DOA2X delivers the perfect balance—residential-level maneuverability with commercial-grade strength.

- ✓ 3200 lb capacity
- ✓ Stowable handles detach without tools for effortless transport and compact storage
- ✓ Premium 8" Max-Endurance or Max-Performance Casters designed for optimal performance
- ✓ 41.5" x 12.75" angled steel plate prevents tipping while securing maximum material
- ✓ Curved rear bar design delivers residential maneuverability with commercial-grade durability

Handles stow below the cart for easy transport

3200 lb load capacity to handle large loads

Your choice of Max-Performance or Max-Endurance Casters (as shown)

Handle grips provide a safe area to hold without pinch points
